GOVERNOR AND PARKS HAVE TALK IN SAN FRANCISCO

Norman H. Parks, editor and publisher of the Township Register and Pleasanton Times, was a visitor of Governor C. C. Young at his office in San Francisco, Saturday.

Contrary to the opinion expressed in a recent editorial of this paper, that the responsibilities of office were weighing heavily on the governor and impairing his health, Mr. Parks found the chief executive enjoying unusual good health and in high spirits.

The governor is looking forward to the approaching campaign with keen delight and confidence, believing that his record of the past three years will be endorsed by the voters of California. And that assumption appears to be entirely correct.

MEN'S CLUB ENJOYS ANNUAL XMAS "JINKS"

Joliy Entertainment Is Provided By Committee

Washington Township Men's Club's annual Christmas "Jinks" was held at the Country Club House, last Thursday evening. Because of the splendid work of the program committee, this holiday entertainment outdid all previous ones.

The popular Pearce Brothers of KFRC favored the party with several songs which were greatly enjoyed. They announced that KFRC will present eighty presents to the children under the control of the Southern Alameda County Welfare Home.

Music by the Campos Orchestra was another enjoyable feature of the evening's program.

Santa Claus who was impersonated by Louis Ruschin, produced much glee by his appearance. He received a royal reception by the "grown up boys." Santa Claus presented each one with a gift, and in return collected a fine for the club's Christmas Cheer Fund. The collection for this season amounted to $87, which will be used for their annual Christmas Tree gift and party for the needy children of this community.

WATER BOND DEAL FOR $41,000,000.00 WINS INDORSEMENT

Spring Valley Property To Be Developed By San Francisco

Recommendations were made to the San Francisco board of supervisors Monday urging the acceptance of the offer of the Bank of Italy to buy the city's $41,000,000 bonds, voted for the purchase of the Spring Valley water system.

On March 2, 1930, San Francisco will come into possession of the Spring Valley properties, including distribution system, reservoir ,its lake system in San Mateo county, and the Calveras dam and reservoir, together with rights of way, viaducts and pipelines.

This action will probably mean a big boom to the Sunol and Pleasanton district in the future. The vast Spring Valley Water company's property may be developed and offered for sale. Settlers will then take up this rich ground which has many excellent agricultural possibilities. The district will then become a thriving farming community.

The attitude of the Bank of Italy was explained by Vice President Louis Ferrari, general counsel. He said:

"Every detail of the plan was carefully worked out after several weeks of study and conferences. We feel that the deal will help the general bond market, for the $41,000,000 unsold bonds on the counter was a drag on the situation. The big thing is to keep things moving. Unsold bonds are a brake on progress."

These bonds, which have remained unsold for a year, will now probably be sold to the Bank of Italy. This will give San Francisco the opportunity to acquire full title to the properties of the Spring Valley Water Company next spring. Development of this valuable project can then move forward.

Many young people of the township are attending the Skating Rink which has recently opened at Irvington.

Edward Bernard is recovering from a broken arm received in the Alumni-Varsity football game.

CUTTING TOYON BERRIES BANNED BY STATE LAWS

Motorists and residents of this district are reminded that toyon berries and Christmas greens cut from bushes and trees along the roadside may cost considerably more than those purchased.

The legal department of the California State Automobile Association points out that there is a state law providing fine or imprisonment for the misdemeanor offense of cutting native bushes, shrubs or trees along highway rights of way. The cutting of red berries and other shrubbery is also forbidden.

Reports are that in several counties arrests are being made and fines imposed for cutting the toyon berries.

The program included plays, songs and recitations. Students of the second, lower third, third and eighth grades presented the dramatic offerings, and Eva Phillippi, Mable Townsend and Mary Gertrude Coley, gave recitations. Each of the numbers on the program were well worked out and showed the parents that their children are being given training in the artistic things of life as well as the elementary rudiments of education.

After the program the Parent-Teachers' Association served ice cream and cake.

The trees by the Southern Pacific freight depot will be dug around, so that the rain and water from the street will reach them. The others by the fire house are to be ploughed. Joe Gomes volunteered to do this soon. The large pine tree that is becoming diseased will be sprayed by Kirk. Other trees are to be trimmed.

The secretary, J. E. Townsend, was ordered to get in touch with the engineer of the state highway department, who is working on the new highway, requesting him to dump several loads of gravel on the shoulders of the highway in front of the post office. This portion of the road is very muddy and is in bad need of gravel.

F. V. Jones and J. E. Townsend were appointed as a committee to call on the merchants of the town in regard to their attendance at the weekly meetings of the chamber. Speeches were given about the work of the organization, which is really a great benefit to these merchants. Jones was appointed attendance chairman for the next meeting. WELFARE BOARD INCORPORATED MONDAY NIGHT

Directors Are Reelected In Whole For New Year

Twenty-five members of the Southern Alameda Welfare Association attended an important meeting at the Green-Shutter Hotel in Hayward, Monday evening. The dinner which was served to these members in the dining hall is an annual event.

The present board of directors including the officers were reelected in whole to serve during the coming year. Miss Stevens will replace Mrs. Ruth McCord, as the executive secretary. The board is as follows:

Eden Township

Vice President—E. N. Burr.

Treasurer—Judge Jacob Harder

Mrs. Ruth Rogers, David Roberts.

Executive Secretary—Miss Stevens.

Washington Township

President—F. V. Jones.

M. D. Silva, F. T. Dusterberry.

Pleasanton Township

Mrs. Clarence Smallwood and Ernest Schween.

Livermore Township

Dr. Paul Dolon and M. M. Callahan.

It was reported that the State Incorporation Commissioner will incorporate the board. As the requirement of the state was met by having twenty-five members present to sanction incorporation this action will be done at once. One of the reasons for incorporation, Burr said, is to place the board in a position to accept property from persons who are unable to support themselves and are dependent upon the board. He explains that the organization is at the present time supporting several persons who own property which under the proposed plan would be deeded to the board in return for their support.

ANNUAL MASK BALL OF FIRE FIGHTERS TO BE DECEMBER 31

Dedication of Pleasanton's new fire house has been indefinitely postponed, according to an announcement made by Fire Chief William Graham this week. A tentative date of New Year's after noon had been set, but owing to the need of furnishings for the building it was decided by members of the department at a meeting this week, to wait until the house is actually ready to receive visitors before holding a house warming.

This decision in no way will effect the masquerade ball to be given New Year's eve at the Forester's hall. This affair gives all indications of being a greater success than ever.

For those who are interested in the prizes, the announcement that there will be fewer but larger awards, will be pleasing. Cliff Rosa and his orchestra will furnish the music.

259 Cuonty Students Attend State Colleges

(United Press)

SACRAMENTO, Calif., Dec. 19. The state department of education has prepared statistics to show that a comparatively small percentage of students finishing high school in California enter a university.

Alameda county's total high school enrollment last year was 18,315, and the county had 2,529 students registered in freshmen and sophomore courses in the various colleges of the state, a percentage of only 13.6 carrying their education beyond high school.

Only the first two years of university registration were counted, as the registration of junior and senior years would have changed the total but slightly, it was explained.

County Gets Big Tax Apportionment Share

SACRAMENTO, Cal., Dec. 19—(UP)—Alameda coutny will receive $417,716.52 as its share of California's $17,635,717 gasoline tax apportionment for the six-month period from April 1 to September 30, it was announced today by State Controller Ray L. Riley.

This is the largest slice of the gas tax "melon" ever handed to the county for a similar period since the law became effective. It represents a gain for the state of $807,915 over the county allotment for the same period in 1928.

Payment of Idemnity Asked By Dairymen

(United Prass)

SACRAMENTO, Cal., Dec. 19—(UP)—California Cattle and dairymen are watching with intense interest results of a test case now before the state supreme court concerning payment of indemnity to owners whose cattle are slaughtered because of tuberculosis infection.

Every county in the state will be affected by the decision. Last Year Alameda county had 121 herds tested and 122 cattle found infected.

The 1929 legislature passed the "Bovine Tuberculosis Law" which includes reimbursement for owners of cattle killed because of infection.

Upon the result of this test case rests the possibility of owners receiving indemnity in the future for slaughter of tuberculin cattle.

The first tuberculosis legislation in California was the enactment of the Pure Milk Law in 1915, which required all cattle, including family cows from which milk is sold raw, to be tuberculin tested. All animals found diseased are branded with a letter "T" on the left jaw.

Complete satisfaction with the manner in which the law is working has been expressed by state officials. Should the supreme court decide in favor of constitutionality of the indemnity section of the law, officials declare that the last barrier to cooperation between the state and cattle owners will be eliminated.

GAMBLING AND LIQUOR RAID SNARES WOMAN

Pleasanton Den of Vice Managed By Woman Bootlegger

Large quantities of alleged liquors and gambling devices were confiscated by county and town authorities in the establishment of Mrs. Minnie Ackerman on Angelo street, Pleasanton, last Saturday night. The proprietress and seven habituates were taken into custody charged with violation of the prohibition law and vagrancy.

The raiding officers including Constable Albert Vervais, Marshal B. W. Bennett and Deputy Sheriff Hugo Radbruch of Pleasanton; Deputy Sheriff L. E. Van Patten of Livermore, and other county officials, swooped down on the place shortly after nine o'clock. They found dice and card games and drinking in full swing. It is alleged that a quantity of the home brew, which had been "working" in wash tubs, was dumped.

Several gallons of alleged red and white wine, a few quart bottles of home brew and a small quantity of alleged whiskey were confiscated, along with numerous decks of cards and dice shaking boxes.

Mrs. Ackerman was charged with violating the prohibition act and the seven men were held on vagrancy charges. They were brought to the town hall where they were given a hearing before Judge. Wm. T. Davis.

During the hearing in court, Louis Sacchetto is alleged by officers to have made remarks not complimentary to them, and to have told them what they could do, with the result that they arrested him on a charge of vagrancy. He, with the other seven men, spent the week-end in the city prison.

Mrs. Ackerman entered a plea of guilty of violating the prohibition act and was assessed a fine of $500 by Judge Davis. B. M. McNee, Alex McDonald, Joe Sutter and Otto Zurchraken entered pleas of guilty to the vagrancy charge and were fined $25.

Ed McQuilkan entered a plea of not guilty Monday, and changed it to a plea of guilty Tuesday morning and paid a similar fine of $25. Howard Brundage also entered a plea of not guilty at the time of his arrest, but later changed it to guilty.

Sacchetto was released on bail furnished by Arthur Lee of Sunol, Tuesday morning.

Low "Back East" Fares Are Offered By Western Pacific

Beginning last Tuesday, "Black East" Christmas and New Year holiday excursion fares were put into effect by The Western Pacific Railroad Company in order to afford westerners an opportunity to revisit their old homes during the holiday season.

Low fares, according to an nouncement made by Bode K. Smith, passenger traffic manager, will be made by Western Pacific from California and Nevada points to Salt Lake City, Denver, Omaha, Kansas City, Chicago, St. Louis, Fort Worth, Dallas, Memphis, New Orleans and other eastern destinations. Corresp nding fares will also be in effect from certain eastern points to California via the Western Pacific.

Tickets will be good going on December 16, 17, 18, 26, 27 and 28 and will bear a final return limit of January 12, 1930. Choice of routes may be obtained going or returning and stop-overs will be allowed at any point within the final limit.

ART POINT GREETING CARDS

The Art Point line of holiday cards is not the largest. Quality has been made a standard with us rather than quality. The line, however, is amply large to supply every possible requirement for greeting cards, parchments, folders and similar items. A most satisfactory advantage for Art Point is the fact that it is different. Here in California artists work differently and their hands have the touch that Eastern cards do not duplicate. Also, despite the exclusive character of cards, our prices on the average family order are lower than those generally sold in this section of the country. PLANS ARE MADE FOR LANDSCAPING NILES HIGHWAY

Mrs. Will D. Patterson has been named chairman of a committee of the Country Club to further plans for the landscaping project along the new highway north of the Niles S. P. subway. It is proposed to plant shade trees, shrubs and lawn along a stretch of the highway.

George C. Roeding, president of the California Nursery, has generously offered to plant the strip of land with shrubs and flowers, and to maintain it. Large trees are already growing in this location. This park will make a beautiful entrance to Niles.

At a recent meeting of the Niles Chamber of Commerce it was voted to endorse this project. Permission will be asked of the California State Highway commission to plant and maintain this park area of a quarter of a mile long and from ten to twenty feet in width along the new state highway.

Madera — Fire department added equipment.

CHRISTMAS TREES LIT BY LOCAL TOWNS

Washington township is the home of three large out-door Christmas trees and many small ones. This week the Pacific Gas and Electric Company wired the tree in the Irvington Plaza for the Irvington Chamber of Commerce; the tree in the lot across the Southern Pacific tracks again was illuminated for the Centerville Chamber of Commerce, and the fir tree on Main street, Niles, was strung with 100 colored lights for the Niles Chamber of Commerce.

The California Nursery has three out-door trees lit with many pretty lights, on their grounds. Some of the residents of the community are fixing theirs in their front yards.

The goal of the California Outdoor Christmas Tree Asociation for this year is 50,000.

STUNTS FEATURE CLOSING PROGRAM AT HIGH SCHOOL

All Classes Offer Skits Having Christmas Trend

Members of the Girls' League of Washington Union High School sponsored and arranged the Christmas program given in the auditorium Friday afternoon. In addition to the students of the school a large number of guests attended the performance, which was considered to have been one of the best ever presented.

Opening the program was an address of welcome by Marie White, president of the Girls' League. The orchestra then presented a series of Christmas melodies, which was followed by Christmas carols by the glee club.

Mary George was given a large round of applause at the conclusion of her recitation, "Emmy Jane's Christmas."

Undoubtedly the funniest portion of the program was furnished by the members of Boys' League. Their stunt was funny from the start to finish and had the audience in an uproar the greater part of the time.

"A Sword Dance," was the offering of the Freshman class. The dance group was composed of Mary Lopez, Ruth Fisher, Elsie Rogers, Kathleen Whitefield, Eleanor Bernardo and Violet Silva.

A pleasing interlude between stunts was furnished by Irma Dutra, who gave a brief number of harmonica selections.

Continuing the program of stunts, the Sophomore class offered "Minstrel Show," with the following taking part: Evan Orelli, Howard Blacow, June Witherly, Gordon Pond, Mildred Dias, Mildred Durham, James Hirabayashi, Mae Alvernez, Walter Beveredge, Paul Aust, and Alfred Souza.

Aurelie Antron was next on the program with a series of yoedling songs.

The Junior class presented a musical number "Maid O' the Mandolin," with Mae Andrade, Lola Luna, Clarence Sioto and Samuel Kerns taking part.

Yulika Kataoka presented the next portion of the entertainment, a beautiful Japanese dance. The accompaniment was played by Sumi Nakashima.

The Senior class had the honor of furnishing the finale, a more or less humorous offering entitled "The Courtin'." Students having parts in this were Eugene Dusterberry, Edward Witherly, Gertrude Ellsworth, Elizabeth Shinn, and Howard Overacker.

Lola Luna acted as general chairman for the Girls' League in arranging the entertainment.

Corona — Construction of new Corona theater completed.

Christmas Stories Told Next Monday

Mrs. Roland Bendel announced that a special Christmas story hour will be observed at the Niles Library, next Monday afternoon at 2:30. Yuletide stories will be told at this time. Nearly 150 children are expected to attend.

Mrs. Murray, the librarian, says that the children remember the time of the story hour, but the adults forget and come at this ime when they are not admitted to the library. Several notices have been made to the effect that the library is closed every Monday from 2:30 to 3 oclock.

Juniors

NILES HOME GIVEN CHRISTMAS TREE

Guests and the management of the Niles Home on Mission San Jose highway, wish to thank G. C. Roeding of the California Nursery for the living Christmas tree given them this year.

The tree was planted in the front lawn of the home and is visible from the highway. During the past week the tree was decorated and illuminated with a large number of electric bulbs.

Former Niles People Tour Eastern States

Mayor Drew and Mrs. Drew, of Sunnyvale, and formerly of Niles, are touring the East. They have a three months' vacation. This week they visited points of interest in Philadelphia, Pa., and Washington, D. C. They spent ten days in New York city.

Motorists Warned Against Skidding

While the detours are safe between Niles and Hayward, traffic officers have been patrolling the state highway, which is being reconstructed, since the rains started, and are warning motorits to guard against skidding. The detours are well packed and are sufficiently graveled to furnish good traction, but mud from the new fills has worked over sections of the old pavement which is still in use, and has made it dangerous for cars that turn onto or off of it at high speed.

Men were employed this week to scrape the slush off of the parts where it is dangerous for traffic. There is still mud on all sides of this new road.
